

## March Newsletter - Room 10

Dear Families,

Spring is coming...Yay! Although this is an active time of year as we all want to be outside, we will continue to focus the importance of our year coming to an end and how much work there is to do. Our kindergarteners will be working hard preparing for their transition into the first grade and we have a few primary students that will be entering kindergarten next year. Lots to do, lots to learn, lots of fun!

We will finish our “solving problems peacefully” discussion the first week of March. We will then start to read our books “Big Bully Buddy, Finding Friendship” and “Wonderfully Made, The story of Hope.” These two books will take us through April.

We will study Antarctica this month. There are many fun and unique facts about Antarctica and the students will have fun learning about this continent. We will also learn about vertebrates and invertebrates.

Here's to a great March!

~ Ms. Judy

### IMPORTANT CLASSROOM DATES AND REMINDERS

Birthdays - Cordelia 3/2, Nina 3/24

Cold mornings - Warmer afternoons... It's that time of year to wear layers!

Please check to see if your child has an extra pair of clothes and still fits, thx!
