

OCTOBER NEWSLETTER ROOM 2

The first month of school is complete! It was a big transition for some of the children being it was their first time at school, but I think it went pretty well! There is still a bit of acclamation to be done but every child acclimates at their own pace so we will comply to every child's need.

We started learning about grace and courtesy when it comes to doing work. If you would like to do work on the floor you need a work rug for our work to go on. We always walk around the work rug, never on it. We have to put our work away before we get out another work. If we would like to do a work someone else has we need to wait until they put it back on the shelf then we can do it.

October is here and we will be focusing our studies on pumpkins. I will be bringing in a pumpkin so that we can explore pumpkin anatomy. In alignment with our study on pumpkins, the children will be decorating their own pumpkin. We would appreciate if everyone would bring in a small pumpkin (about the size of a large softball). Please label with your child's name on the bottom of the pumpkin

Thank You
