

### Happy July!

#### Week 1: Food Factory Fun

Campers will learn about healthy foods and have the opportunity to be a chef. We will make delicious treats, while exploring measurement and following a recipe.

#### Week 2: Animal Dream Home

Campers will explore animals needs and their habitats. We will play animals games, paint with nature, and rescue animals from an ice storm.

#### Week 3: Artful Antics

Campers will make put their creativity to the test as they explore a hodgepodge of materials to create their own masterpieces.

#### Week 4: Curiosity Club

Campers will work with STEAM activities through fun projects that encourage them to ask questions, problem solve and explore. We will talk about the scientific method, graphing, and conduct a few experiments!

#### Week 5: Mess Fest

Campers will be making a mess this summer and it's teacher approved. We will combine art and science to explore how different materials interact and predict what will happen next!
