

Dear Families,

I hope you all had a wonderful summer. I enjoyed riding my bike down the greenbelt, boat camping at Lucky Peak, hiking in the hills and I spent lots of time with my family and friends. I am ready to be back at work and super excited for a great year!

We will briefly talk about the planets and will quickly zoom in on Earth. We will learn what the Earth is made up of, that there are 7 continents and 5 oceans and that people live all around the world. The children will learn that living things are divided into two large groups; the plant kingdom and the animal kingdom.

We will practice and role model some basic practical life grace and courtesy lessons such as how to roll a work rug, push in a chair, how to get the teachers attention, wash hands, stand in line, sit at group and how to carry a tray.

We will read two books this month; "All the Colors We Are" and "Smile".

Your child may bring an item from home to share with the class at group time. It may be anything they want as long as it stays in their cubby for the entire work day. Share day will be Wednesday.

We will have new assistant this year, her name is Kendra. She comes to us from the elementary team and I am excited to have her join our classroom. We also have two new students, welcome to our class Ezra and Aeris.

Ms. Judy

IMPORTANT CLASSROOM DATES AND REMINDERS
