

MONTESSORI ACADEMY

OCTOBER NEWSLETTER ROOM 8

Dear Families,

What a lovely classroom we have this year! Students are listening to each other and working hard in the classroom. I enjoy getting to know their different personalities and find that balance of ideal academic and social work for each of them.

We have our big evening event, Wax Museum, on October 17. We will travel through history learning about historical figures that have made a positive impact in the world. We look forward to seeing you all there. The written assignment will be done at school. Let us know if you have any questions.

Thank you for all the wish list items brought in. We are stocking our classroom with goodies!

As always, we are honored to be partnered with each and every one of you to help foster happy, capable, confident humans. Thank you for all you do as a parent!
