Geography

This month we will be discussing and doing fun activities to learn more about North America.

Arts

During the month of October we will be talking about Pablo Picasso and looking at some of his work. An art project will also be implemented in this study. We will be listening to the work of composer, Ludwig Van Beethoven.

Science

We will be talking about parts of the pumpkin and the bat, through work on our three part cards. Be sure to look for the books your child has made throughout the month.

In the Classroom

The days are getting colder, please have your child wear a jacket or sweater to school, or have one on their hook to keep at school.

Our classroom library day is on Wednesday. Your child will have the chance to check out a book of his/her choice. Books are due back the following week.

Keep an eye out for conference sign ups...they will be posted on the parent board inside room 5. Each family gets 30min. Child care will be available during your conference time.
