

# MONTESSORI ACADEMY

## JANUARY NEWSLETTER ROOM 9

Dear Families,

Dear families....first off Rachel and I thank you so much for all the thoughtful gifts we received. We felt loved! I hope everyone had a wonderful and restful break. I know I did!

This month we will begin some big projects. Our fifth year students will begin hearing me storytelling *The Iliad* and will summarize what they hear for an epic piece of writing. Stay tuned for an email with how you can help. They will also continue learning about the human body and comparing our systems with animals. We will also explore square root in decimals and fractions!

Our sixth group will continue with our Island Projects as well as host a mock trial that will be judged by a jury of our other students. They will also explore cube root and continue algebra. Our fourths will complete the cross multiplication strand and will complete their Geography A-Z books. We're always busy and working hard!

We have a few special events as well as continued PTO events. Pay attention to the calendar!

Happy New Year!! It'll be a wonderful one!
