

## FEBRUARY NEWSLETTER ROOM 8

Dear Families,

February is the month where the stillness of winter leads to celebrating friendships. I encourage you to take time to sit by the fire while enjoying the company of your family.

In the classroom we will start our Time Line of Life studies which leads into our Biology studies as well. First graders learn about vertebrates. Second graders learn about invertebrates and third graders learn about the 6 main kingdoms of life. We will also continue our plant studies. Please bring in egg carton to plant some seeds.

We will have a Valentines Day Celebration in the afternoon on Thursday, February 13th. They can wear their pajamas and bring one small stuffed animal. All students are invited to make Valentines cards for their classmates. We will hand them out during our celebration. Your child can decorate and bring a mailbox to collect their cards. We will make a snack to share in the afternoon. Keep an eye for a sign-up of the ingredient list.

\*Please help your child be aware of the weather and what gear they need to enjoy recess time.\*\*

### IMPORTANT CLASSROOM DATES AND REMINDERS
