

MARCH NEWSLETTER ROOM 4

Dear Families:

Spring is quickly approaching. Soon we will be seeing spring emerging from the ground and the familiar sounds of birds singing. As part of our spring study we will learn about insects with a focus on butterflies, and the spring season itself. Our continent study will be down under in Australia!

Mindset

Developing the right mindset early on is crucial for a successful, happy life. When kids learn that putting forth effort and using the right strategies can help them get better at things, they feel empowered, and try harder. When they know their brains are capable of growing, they are more confident, resilient, and are not afraid to fail!
