

## MARCH NEWSLETTER ROOM 1

Dear Families,

Happy March! Spring is just around the corner, and I think we are all ready. This month we will be studying the continent of Australia. This will include political and biome maps, food, culture, animals, etc.

We are finishing up our study of animal classifications with fish and we will be reviewing all classifications we have studied this year.

We will also be starting a new unit on peaceful character traits. We will cover respect, caring, fairness, responsibility, trustworthiness and citizenship and how we can apply these traits in class, at home, and in our community.

Let's have a great month!

Ms Laura

### IMPORTANT CLASSROOM REMINDERS

**Please do a quick clean out of cubbies before spring break. Then we can come back in April all clean and ready for spring.**
