

## MARCH NEWSLETTER ROOM 2

Dear Families,

March is coming in like a lion! We have had a lot of fun learning about owls, friendship, and all the other individual learning happening in our class. We are saying goodbye to Cordelia as she moves into her next adventure with Miss Judy. We are welcoming to new friends Raelynn and Josephine! We will say goodbye to Sota later this month as his family moves.

This month we will focus our attention to the weather, most specifically clouds and wind. We will look at the composition of clouds, learn some of their names, and what causes wind.

Individually we will continue to build on those important literacy skills such as rhyming, re-telling, 3 step story sequencing, fingerplays, and literature enjoyment. In math we will work on size discrimination (big, medium, small), numeral recognition, counting 1-10, and simple patterns.

Practical life skills will continue to develop those fine and large motor skills, concentration, order, and independence. You will see this through pouring, transfer of objects with spoons, tweezers, and tongs, art, sewing cards, and dressing frames to name a few.

We will have some fun with St. Patrick's this month as well! Please let us know if you have any questions or needs!

Looking forward to learning and fun,

Kim, Zoe, and Mia

### IMPORTANT CLASSROOM DATES AND REMINDERS

**March wild weather will dictate appropriate outdoor gear. Please ensure your child has appropriate attire to enjoy our recess times...labeled coat, hat, and gloves. If we get March Snow..snow gear!**

### IMPORTANT ALL SCHOOL DATES AND REMINDERS
