

September Newsletter Room 2

Dear Families,

Welcome!

It is already time to start school! I hope everyone had a great summer. Things are going to be looking a little different this year. In class we will be doing some activities over Seesaw. We will be showing the children how to use and get familiar with the system. Soon I will be sending out information regarding Seesaw. For class, your child will need the following: a pair of inside shoes (other sneakers, slippers or sandals) and a pair of closed toed outside shoes, an extra pair of clothes in a gallon sized zip lock bag labeled with their name, a lunch with a morning snack and an afternoon snack if they are in aftercare. For the afternoon during rest time they will need a crib sheet and a blanket. If your child is not potty trained yet, then please bring a small sleeve of diapers. Masks are required in our classroom as mandated by the CDC and the State, so please send your child with a mask. They may leave their masks at school and take it home at the end of each week to be washed. At the end of each week I will send home your child's nap bedding and their work rug, that your child will be using for works during class time, to be washed and returned every Monday. If you have any questions or concerns you can email me at

Ashley@montessoriacademyidaho.com or call the school at 208-939-6333. I am so excited to be spending my first-year teaching with you and your children!

Thanks,

Ms. Ashley
