

## November Newsletter Room 2

Dear Families,

With the weather getting cooler in the mornings, please make sure your child has appropriate clothing. This month we will be studying North America. We will look at what biomes make up North America, the flags of North America and what countries are in North America. We will dive deeper in to learning about our country The United States of America. We will talk about each state, the capitals and their flags. We will also be talking about what Thanksgiving looks like here in America; its history and meaning. Every year we read a book call Stone Soup and the Elementary children put on a play. This year will look a little different on how we will be able to watch them preform it, details to come. On Monday, November 16<sup>th</sup> we will be having our stone soup lunch. Your child doesn't need to bring a lunch that day I will be providing the soup. I will be asking each child to bring an item for our lunch that day as well. The items will need to be store bought. The children always have a lot of fun with stone soup. Happy Thanksgiving!!

Thanks,  
Ms. Ashley
