

NOVEMBER NEWSLETTER ROOM 7

Hello Friends!

We are thankful to be together and learning to make new friends!

Chilly days have arrived. Please be sure your child brings a jacket for our outdoor play time. We go outside for recess every day.

Please help us emphasize kindness towards our classmates. Having kind hands and words is a daily lesson in our classroom. This pandemic has affected all of us and children in particular are experiencing the tension associated with change. We appreciate your help as we learn together to navigate the many new ways of doing things in our school and local communities.

We are learning the "families" of the Orchestra! We will also begin our first Composer study. Antonio Vivaldi, "the red priest", who was a violinist, composer and conductor! We will explore the life and work of Leonardo Da Vinci, his work and interests not only facilitated future inventions but helped us understand the human body a bit more.

Miss Christine & Miss Ashly
