

## SEPTEMBER NEWSLETTER ROOM 7

Welcome to Room 7!

So nice to have the school room door open!

We are ready and excited to begin the new school year in the traditional face-to-face fashion!

As we begin the school year we will focus on the importance of kindness and consideration.

We begin with lessons in Grace & Courtesy, treating others the way we would like to be treated.

We will introduce R.O.S.E., our school acronym for Respect, for Others, Self, the Environment and how this helps us follow the rules of our school and classroom.

Some new lessons on how to properly treat and care for their mask, social distancing guidelines, best handwashing routines, taking care of each other by using proper table manners and keeping our room clean.

We will learn to fold and store our own work rug and personal items safely.

Our units of study will be the Solar System, the continents, and Vincent Van Gogh.

*Miss Christine, Miss Carrie, Miss Jamie*
