

January Newsletter - Room 10

Dear Families,

I would like to welcome everyone back to school. I had a wonderful break and ready to work hard. Thank you for your well wishes and wonderful gifts. I appreciate all of you.

After the long break, we will review what the first half of the school year looked like and what we studied. We will discuss the importance of coming to school and be reminded what our school day routine looks like. Language and math works are always a highlight of learning in the Montessori environment. The students will continue to have fun working individually and together developing these skills. I am excited to get right back to work in these areas.

Our geography study is Antarctica. We'll have fun learning about this cold continent and all about the animals that live there. We will continue our vertebrate study and talk about birds. We will learn that penguins are birds and have fun learning about them too.

In our peace curriculum we will discuss the importance of family, sticking together, liking who we are and understanding our differences. We will read a true story of a young bear alone and the grizzly family that took him in.

We will introduce our 2021 calendar and get right back into the months of the year and days of the week.

Happy New Year!

~ Ms. Judy

IMPORTANT CLASSROOM DATES AND REMINDERS

Jackets, hats, gloves and boots when needed for the wintery weather!

IMPORTANT ALL SCHOOL DATES AND REMINDERS

January 18th - Martin Luther King Day, **No School**
