

MARCH NEWSLETTER ROOM 1

Dear Families,

Happy March! Spring is just around the corner. This month we will be studying the continent of South America. This will include political and biome maps, food, culture, animals, etc.

We are continuing our study of animal classifications with amphibians and we will be reviewing all classifications we have studied this year so far. In addition, we will do an overview of the seasons and different kinds of weather.

The kids had a lot of fun with our Andy Warhol study. This month we will take a look into the life and work of Vincent Van Gogh.

Let's have a great month!

Ms Laura

IMPORTANT CLASSROOM REMINDERS

Please do a quick clean out of cubbies before spring break. Then we can come back in April all clean and ready for spring.
