

MARCH NEWSLETTER ROOM 3

Hello Room 3 Families!

As our weather becomes nicer (hopefully, lol), it is still chilly! Please remember to bring appropriate clothing for outside play. :)

This month we will begin our studies of South America, If you have anything from South America that you would like to share, please bring it in.

We will also start talking about gardens and how to take care of plants as the weather and season changes. We will begin seedlings in our classroom that the children will be able to bring home!

We will continue to discuss calm down strategies and will be practicing various calm down techniques (Drain, Star, Pretzel, Balloon). Ask your child to demonstrate one of the methods for you!

Miss Tiffani

Miss Maxine
