

## MARCH NEWSLETTER ROOM 7

Hello Room 7 Friends!

We are continuing our study on Vertebrates. We have learned a lot about mammals and have been introduced to the bird kingdom. Did you know that birds have hollow bones which aids in their ability to fly? And if you look closely at each bird's beak, it may reveal clues about what it is designed to eat!

This month we'll focus especially on birds that live on the continent of South America. We will peek into some unique biomes of this land mass, like rainforests and the strange creatures that inhabit them.

Our Artist of the month will be Frida Kahlo and her colorful contributions to art. She was married to an artist who was also famous and from Mexico just like her, Diego Rivera.

*Miss Christine & Miss Ashly*

### IMPORTANT CLASS REMINDERS

Please make sure to bring a labelled water bottle to school every day

### IMPORTANT ALL SCHOOL DATES AND REMINDERS

Kindergarten Workshop: Rainforests with Miss Sarah

March 15th: In house field trip- Glass Mosaics with Fusions Glass Studio
