

## April Newsletter Room 2

Dear Families,

Welcome Spring! This month we will see warmer days, but cooler mornings; so please make sure your child has the appropriate clothes. This month we will be studying birds and the continent Africa. We will also be learning about the different clouds and the water cycle. With Earth Day being this month, we will also be focusing on why it is important to keep our planet clean. We will talk about the importance of recycling. We are going to learn about different plants and why plants are important. We will also be raising butterflies to release for Earth Day. On April 21st, we will be doing a school wide playground clean-up day. Each class will participate in helping clean up our playground. If your child wants to bring something to use like a rake, a sand sifter, garden gloves or any garden tool they can. We will have more details about that soon. April 22nd and 23rd the school will be closed for parent teacher conferences. Sign-up sheets will be available soon. April 15th we will be having our monthly community lunch.

Thanks,  
Ms. Ashley
