

April Newsletter - Room 10

Dear Families,

I hope all of you had a wonderful spring break. I would like to welcome our new assistant Ms. Nicole. We are excited to have her in our class.

Our continent study is Africa. We will learn about animals that live in the desert and the African rainforest. We will learn about landmarks, different types of foods, and instruments. We will also learn about a rare animal called an Okapi, native to the northeast of the Democratic Republic of the Congo in Central Africa.

Spring is a beautiful time of year. Warmer weather, flowers bloom, and the bugs start to come out! We will talk about Earth day. We will plant Spruce and Alyssum seeds and learn they need to be cared for and watered daily so that they will grow and can be replanted in our yards. We will also clean up our outside environment and talk about the many ways we can all help our earth including our trash clean up and recycling.

For our peace curriculum that will take us through May, we will discuss peaceful problem solving and read two wonderful stories “Finding Friendship” and “The story of Hope.”

Parent - Teacher conferences will be held 4/22 & 4/23 via Zoom. I look forward to talking to you. The school will be closed.

I hope you have a wonderful Easter too!

~ Ms. Judy

IMPORTANT CLASSROOM DATES AND REMINDERS
