

# MAY NEWSLETTER ROOM 9

Dear Families,

I am blown away that I am writing the last newsletter of the year! I want to thank all of our families for trusting our school during this crazy school year! We really banded together as a community and had a wonderfully successful school year!

This month we will be very busy wrapping up and reviewing all the Math concepts we learned this year. The fourths will continue to look at early civilizations and the fifths will continue their simulation of the Middle Ages. The sixths will also finish up their Island Projects, so they are ready to present for graduation. We are finalizing details of graduation and I will communicate with you as I know more.

Speaking of communication. We are also still working on details of our show night. Things are constantly changing and I am trying to do the best I can under much different circumstances! I know you all understand and know the goal is to showcase our kids. It will still be in film format, I am working on the best way to show it to as many families as possible. I will communicate as I know more. Thank you for your patience!

We have some spirit days planned this month as well! I hope you all are enjoying spring!
