

## APRIL 2021

This month as we enjoy the warmer weather we will begin to explore the continent of Africa. We will spend some time on ancient Egypt as our kindergarteners have shown quite a bit of interest in it recently. We have added a farmhouse and farm animals to our classroom. Depending on age, ability and interest, children can sort animals, label the animals and parts of the farmhouse and /or write sentences about the farmhouse (the pig is in the mud). They can compare more and less (there are 4 cows and 3 dogs, there are more cows than dogs, etc.) and so much more! We will explore lifecycles and African art as well.

### IMPORTANT CLASSROOM DATES AND REMINDERS

#### KINDERGARTEN IN-HOUSE FIELD TRIP

**Featuring Mr. Brian**

**April 15th**

### IMPORTANT ALL SCHOOL DATES AND REMINDERS

4/27-Lifetouch Photo (K's in cap and gown)
