

MAY 2021

THROUGH THE EYES OF A CHILD: Recently room 2 was having a conversation about the pandemic and the changes that have occurred. Masks came up. There were complaints, however, I was surprised to hear what many of the children felt about wearing their mask. I wanted to share some with you: “I like wearing a mask because.....it keeps my face warm, it keeps my family from getting sick, I have a kitty mask, it keeps you healthy, no one knows who I am!, I don’t have to smell the car, it smells like my baby sister” And “I don’t like that my dog can’t wear one”. KIDS are AMAZING!!

This month we will explore Australia, shades of green and parts of a flower. Our Kindergarteners are preparing for graduation!

IT WAS GREAT SPEAKING AND CONNECTING WITH YOU ALL DURING CONFERENCES.

IMPORTANT ALL SCHOOL DATES AND REMINDERS
