

OCTOBER NEWSLETTER ROOM 9

Dear Families,

I want to start out by saying thank you to all the families for supporting your kiddos during distance learning! It has not been an ideal start but I feel like we persevered as a class. I would also like to recognize the students for learning to be flexible and working hard while we were figuring out all the pieces needed for distance learning.

This month is going to bring us some exciting projects. We have our 6th years starting their island projects, our 5th years digging into the timeline of humanity, and our 4th years learning about atoms, molecules, and matter. As a class, and school, we are also starting our Wax Museum projects! Your student has chosen a person to study and learn about and will have the opportunity to become that person to present to you and the school via Zoom. Please keep an eye out for more information about requirements and due dates in their homework folders.

This month also brings us to parent/teacher conferences. These will be held on October 21st & 22nd via Zoom. A sign-up sheet for time slots will be available soon. I look forward to meeting with all of you about your students' progress.

I also would like to thank all of the families for the warm welcome I have received becoming the room 9 lead teacher. Your kind words and support are very much appreciated. Thank you!
