

OCTOBER NEWSLETTER ROOM 6

Dear Families,

Happy October everyone! This month we are beginning to study of our earth! The kids will learn about the different parts of the earth, the layers and the continents. We will start our units on leaves, pumpkins, and mammals. In addition, we will take a look at the life and work of Claude Monet.

We will be celebrating Halloween on Friday the 29th this year. Your child may dress up in costume for school. The Halloween parade will be outside again this year and starting at 9am. We ask that they not wear face paint or masks, and not bring weapons of any kind for this event. Please have your child wear their regular school clothes underneath for lunch and recess. We wouldn't want to ruin any costumes before the big night. Thank you.

Parent Teacher conferences are October 21st and 22nd. Conferences this year will be via Zoom. Sign ups and more information will be coming out soon. I look forward to getting to see all of you.

Sincerely,

Ms. Laura

IMPORTANT CLASSROOM REMINDERS

As the weather gets colder, please check your child's extra clothes bag to ensure they have appropriate clothes for outside play.

Classroom needs: fresh cut flowers for practical life.
