

December Newsletter Room 7

My Dear Lovely Parents,

We hope you had a wonderful Thanksgiving Break with family! Holiday season is upon us. We can feel the buzz in the classroom. What a wonderful time of year to decorate, and spend time as a family sledding, skiing, playing board games, and all the many traditions you may share as a family. I can't wait to hear about all of them from your children. I wish you all a happy holiday season filled with loving laughter and warm hugs.

In the classroom, we are learning about the layers of the earth, continents, landforms and physical geography in our cultural studies. We are, also, learning about the phases of the moon. Their homework this month is to check the moon before bed every night and draw what it looks like. In math, first graders are mastering addition. Please be practicing facts with them, as they will be taking their first timed test when we come back from winter break. Second graders are diving head first into multiplication, while third graders are wrapping it up, finishing with a mastery of it. At school, we will be decorating the doors with Holidays from around the World.

"The color of springtime is in the flowers, the color of winter is in the imagination."

- Ward Elliot Hour

IMPORTANT CLASSROOM DATES AND REMINDERS

Birthdays:

Spencer Maxson-December 3

December 17-Room 7 Holiday Celebration

Please remember, as the weather dips, to make sure your child has proper gear. If there is snow on the ground students need snow pants, snow boots, jackets, hats and gloves.
