

Room # 3

# November 2021

Ms. Nikki

**MONTESSORI ACADEMY**

Hello Families!

Happy Halloween! As October comes to a close this week with all of our fun pumpkin and Halloween themed activities, we look back at all that we've learned this month. We've been focusing on farm animals and activities this month. From learning about the names for baby and adult farm animals to learning this week about how food is grown; specifically pumpkins. We worked on the sounds made by the letters Dd, Ee, Ff, and Gg and learning what the letters look like.

For the month of November we will have different focuses for each week. The first week will focus on dinosaurs and learning about all the different kinds of dinosaurs and what a fossil is. Following that we will learn about nocturnal animals and what means to be nocturnal. The week directly before Thanksgiving will have a harvest theme as we look into the holiday and learn a little more about the season Fall. The week of Thanksgiving we will learn a little about Native American cultures and traditions.

For updates on your child's daily life at school please check the tadpoles app where Ms. Jazzy and I will be posting about the daily activities in our room. The weather just keeps getting colder as we quickly move towards winter so please make sure your child comes with a warm coat as well as gloves and a hat if you would like them to have those. If you have any questions or concerns please reach out to me through my email [nikkala@montessoriacademyidaho.com](mailto:nikkala@montessoriacademyidaho.com).

For the week of thanksgiving we will be out of school from the 24th to the 26th. Please enjoy your holiday and the food and family that come with it. We will see you all back for the following week as we start the month of December.

Warm regards,

Ms. Nikki

Important Dates for your Calendars:

11/11 No School, Veteran's Day

11/24-11/26 No school, have a happy Thanksgiving!
