

## December Newsletter Room 2

Dear Families,

Stone soup was a hit! The children loved it! Thanks to everyone for bringing items. With winter coming, please make sure your child has appropriate clothing like coats, hats, gloves, snow boots and snow pants. We will be going outside even if it is snowing. This month we will be studying Europe. We will look at what biomes make up Europe, the flags of Europe and what countries make up Europe. We will also be talking about what Christmas looks like here in America and all over the world. We will also be learning about some of the holidays in December like Hanukkah and Kwanzaa. We will be decorating our doors in the school. They will be ready for viewing starting December 2. We will be having a small Christmas party just before the break and will be singing 3 Christmas songs. I will set up a zoom call for this. We will be doing a scarfs and mittens drive this month, more details to come.

Thanks,  
Ms. Ashley
