

February Newsletter Room 2

Dear Families,

Last month we started learning about feelings and emotions. We talked about what feelings are and started to identify them. We identified happy, sad, anger, anxiety, love, confident and love. We also dived into happy and sad. This month we are diving into anger, love, peaceful and confident. At this age social and emotional learning is very important. This month we are studying about Asia, reptiles, Groundhogs Day and the Chinese New Year. The 100th day of school is on Tuesday February 2. Your child may bring in 100 small items to count. We will be having our Valentines celebration on Monday the 14th. We have 20 students and 2 teachers. Please only put your child's name on the cards, so that they are easier to pass out. The 14th is also pajama day.

Thanks,
Ms. Ashley
