12/27-12/30: Winter Camp

12/31: School closed

Montessori Academy

Hello families!

The holidays have arrived! There are many great learning opportunities during this time of year. The children can feel the joy all around them, we will keep that tradition going in the classroom as well. I hope you are all taking the time to enjoy this special season with them amidst your busy every day lives.

This month we will be busy learning holiday songs, making gifts and cards and talking about the traditions of Christmas. We will have lessons on ribbon curling, thermic tablets, and a holiday mystery bag! We will also make Christmas sponge paintings and learn how to wrap a present!

Some of the themes for this month include the continent of Europe, where most of our holiday customs originate. We will also listen to the music of Tchaikovsky and read the story of the Nutcracker.

We also welcomed a new assistant teacher in our class last month. Her name is Ms. Katy, she joins us with lots of experience in schools and special education classrooms! She has been a great addition to the Room 5 community! We will also welcome a new student, Callum, who is 4 years old!

Have a wonderous holiday season!
Ms. Amanda
