

JANUARY 2022 NEWSLETTER

I HOPE YOU ALL ENJOYED THE HOLIDAY BREAK! WELCOME BACK!

This month we will continue to explore distance and travel as we “travel” all the way to Antarctica. Can we drive there? What will we find there? We will also explore snowflake formation and make our own with various materials. We will look at the parts of Winter Clothing and how we use it to ADAPT to the cold.

Our art exploration will include unconventional material sculpture and photography art.

Thank you for your continued support.

Miss Debbie & Miss Savannah
