MONTESORI ACADEMY

Happy New Year, Families!

I hope that your holiday season was full of love and joy. I am so excited to tackle the new year in room 3! This month our class has some exciting new changes. Nikki is enrolled in school and will be switching to part time. I, Miss Heidi will be stepping in as the lead teacher. I've been working within the classroom for a couple months, getting to know the students and I look forward to continuing to build that relationship and getting to know all of you as well!

This month we will be learning about Polar Bears, Penguins, Artic Living, and Water Science during our circle time. These themes will be reflected throughout the classroom in our works. Some of our works this month will include a winter themed yoga, threading and lacing snowflakes, and an artic animals science area.

We will continue to go outside whenever we are able based on the temperature charts posted by the back door of the classroom. We appreciate you dressing your child appropriately and bringing in their cold weather gear. As the Scandinavians say, "There is no bad weather, only bad clothing". We also appreciate you preparing healthy snacks and lunches to help fuel our learning. Please remember we are a peanut free facility and our classroom is an egg free classroom.

If you have any questions or concerns feel free to ask or check in with the front desk. Thank you and we look forward to a great 2022!

Heidi

Important Dates for your Calendars:

January 17th - School CLOSED in Honor of Martin Luther King Jr Day
