

April Newsletter Room 2

Dear Families,

Welcome Spring! This month we will see warmer days, but cooler mornings; so please make sure your child has the appropriate clothes. Our outside time is at 11 am and most times it is still a little chilly out. This month we will be studying Birds and the continent Africa. We will also be learning about different clouds and the water cycle. With Earth Day being this month, we will also be focusing the importance of recycling. We are going to learn about different plants and why plants are important. April 21st and 22nd the school will be closed for parent teacher conference. Sign-up sheets will be available soon. April 29th, we will be doing a school wide playground clean up and flower planting. If your child wants, they may bring a rake, sand sifter, garden gloves or any garden tool they can. We will have more details soon.

Thanks,
Ms. Ashley
