

MARCH NEWSLETTER ROOM 3

Hello Room 3 Families!

As our weather becomes nicer (hopefully), it is still chilly! Please remember to bring appropriate clothing for outside play. We will also start talking about gardens and how to take care of plants as the weather and season changes. We will begin seedlings in our classroom that the children will be able to bring home!

This month we will begin our studies of South America, On our cultural shelves we will see our South American flags and animals.. If you have a South American artifact, story or postcard that you would like to share with the class, please bring it in and hand it to Miss Tiffani.

As we explore the garden, we also begin to look at the creatures you may find hiding in your garden. This month in science we are looking at amphibians. Children will learn about the different types of amphibians, their habitats, what defines them and even what they eat. You may see books coming home identifying parts of a frog and research around this topic.

In class we will continue to discuss calm down strategies and will be practicing various calm down techniques (Drain, Star, Pretzel, Balloon). Ask your child to demonstrate one of the methods for you! These are tools can be a great practice for your family to practice mindfulness together.

Composer of the Month:

Wolfgang Amadeus Mozart

Cultural:

flags and animals

South America their

Science

Amphibians

Miss Tiffani

Miss Maxine
