

# March Newsletter Room 7

Dear Room 7 Families;

In like a lion and out like a lamb! The sprint time weather is here and while it may be beautiful it is still chilly! Please remember to bring a coat and appropriate clothing for outside play.

You should be on the watch for your child's progress report that helps track growth over a 3 year layout of Montessori experiences. Should you have any questions, I welcome you to email me directly. Looking forward to another month of learning and fun!

**Composer of the Month:** Johann Sebastian Bach was a famous German musician famous for composing over 1,000 pieces of music. This month we will be looking at his works and life. Do you have a favorite orchestra instrument?

**Cultural Focus:** This March we will be studying South America on our cultural shelves. The biomes, landforms, flags, food, and animals of S. America are just a few of the things we will look at. If you have a South American artifact, travel story or post card feel free to share it with Miss Christine.

**Science:** Spring is around the corner and with that we will study reptiles and amphibians. Which one is born with lungs and which one is born with gills? Our class will also talk about animals and their biomes.

*Miss Christine & Miss Ashly*

## Encouragement

Rudolf Dreikurs taught us "A child needs encouragement like a plant needs water" Encouragement is providing opportunities for children to develop the perceptions: "I am capable, I can contribute, and I can use my personal power in a useful way to improve my life and the lives of others." Thank you for encouraging our youngest students to grow!

## Dates to Remember.....
