

APRIL 2022

Spring is here! This month we will be opening our gardening area and exploring insects. Help me welcome a few new friends to our community this spring; welcome Porter and Alya to room 2!

We will be celebrating Earth Day in our class by releasing ladybugs and dressing as our favorite insect on April 20th. This is a fun way to reinforce our science exploration this month of life cycles, metamorphosis, exoskeletons and more.

We will also take inspiration from the a local insect display at the Discovery Center to create insect art. In our cultural shelves we are learning about the continent of Africa; the food animals and maybe insects too! If you have any artifacts of this country or of your garden, please feel free to share with our class.

As always, we will continue to explore and progress in all areas our Montessori classroom!

Miss Debbie & Miss Savannah

IMPORTANT ALL SCHOOL DATES AND REMINDERS

Kindergarten Field Trip 4/19

Earth Day celebration—4/20

Parent/Teacher conferences—4/21, 22
