

## MAY NEWSLETTER ROOM 9

Dear Families,

Wow! Can you believe it? Suddenly, a year has passed. I am so grateful that I was able to support Room 9 as an assistant and then as lead. I have seen many of these students since their primary days. We have made amazing memories, solved friendship problems, tackled schoolwork and now, we will finish strong while taking some time to reflect on our year. We can reflect on our hardships and our accomplishments.

To wrap up the year, we are having a Passion Show where students share their passions, whether a magic trick, a musical instrument or reading us a story. Please save the date to see the students performing. Participation is optional.

Sixth graders will share their yearlong projects where they create an island with endemic plants and animals and even their own government.

Lastly, as summer break nears, come up with a plan as a family to continue your child's academic growth. A suggestion is to have a daily schedule where children write, read, and do math or build for 20-30 minutes each. [teacherspayteachers.com](http://teacherspayteachers.com) also has great summer packets.

HAGS (Have a great summer)
