- Kindergarten Graduation, June 23
- Last Day of School, June 29
- First day of Summer Camp, July 5

Units of Study this month

We made it through the school year! I would like to say thanks to all of our families for their support in making this year a wonderful one. It was a great learning experience and we can't wait to get back to a new normal next year.

We will be studying the five classifications of vertebrae this month. Fish, bird, mammal, amphibian and reptile. We will have three part cards, books and puzzles to support this topic.

Science

We will be studying ocean life this month. Some of the things we will learn include parts of the octopus and squid. We will be exploring the sea through puzzles, three part cards and books.

A Few Notes

Please return library books through the month of June. We will not be checking out new books this month.

Thanks and have a wonderful summer!

KINDNESS ROCKS!
