

November 2022

Room 1

Important Dates:

Hello Room One Families,

We have officially made it to Autumn! All of its colorful landscapes, bountiful harvests, and cool crisp air. In November, I like to celebrate the harvest with the class making stone soup. We will be having our Harvest Stone Soup lunch on **November 18th**. I will be putting out a list of items you can help with. If you do not want your child to eat stone soup, please let me know. If your child is strictly Gluten-Free, you are welcome to have them bring in their own soup, or we can use Gluten-Free noodles for the soup!

We are focusing on a new continent this month, it's a continent that we are all a huge part of; North America! We will study the map of North America, animals, culture and more! Since it is November, we will be learning all about Turkeys, and will have an opportunity to dive deep into parts of a turkey using picture cards!

This month we will also be taking a look at Leaf shapes, Leaf Parts and leaf types. We will also be studying the Geometric Solid names.

Friendly Reminder: It is important that your child is on time so they will be a part of new lessons and discussions about the day or upcoming events. If your child arrives to school at 9:05 or later, my classroom door will be closed and locked as I will be running morning group time. I understand that things happen and on occasion you may be late. If you happen to be late, please wait in the hallway with your child until group time is finished. I apologize for any inconveniences this may cause, we will do our best to get them inside as soon as possible.

As always, if you have any questions, comments or concerns feel free to contact me via email!

Thank you for your cooperation and understanding,

Ms. Kendra

Friday,
November 18th
Stone Soup/ Harvest
celebration

Thursday,
November 10th
Curriculum Night
