

NOVEMBER ROOM

My Dearest Families,

Wax Museum was such a success! As I sit and reflect on October, the kids are really acclimating and understand what it means to be in the Room 7 community. Thank you for all you do giving them opportunities at home to show their independence and by helping them stay diligent with homework.

As we move into November and deeper into autumn, we will be focusing on all that we are thankful for through books, our writing, community building, etc. I'm so thankful for each and every family at our school and the support you provide daily to your children during this complicated time.

In the classroom, we are beginning to move inward in our cultural studies. We entered into the Solar System in cultural. For math, we are working on memorizing math facts with fun games and activities. We are also working on money math.

As our community service for the month, we will be cleaning up our playground, collecting leaves to use for compost, putting our gardens to sleep. We will be doing this during our P.E. time on a Friday this month. An email will be sent out the week prior so students can bring labeled gloves and rakes. Look for a sign up for stone soup coming soon. We are having our stone soup celebration on Nov. 22.

Looking forward to enjoying this holiday season with you! We will be viewing the Stone Soup play put on by Elementary 2 and each classroom will host a Stone Soup celebration on November 19th. Detailed sign-up coming soon.

IMPORTANT CLASSROOM DATES AND REMINDERS

🎁👤 Happy Birthday to: 🍰
