

## October ROOM 8

Dear Families,

The classroom is settling in and it feels like we are going to have a great year of learning. We are getting in the swing of practicing our reading, math and writing daily. We are also starting the year with physics experiments. In addition, we will also celebrate the changing moon every month. We will set intentions on the new moon and have a small celebration every full moon. We celebrated the harvest moon Mon., Sept. 12th. We drank apple cider, listened to music, and colored a pumpkin. Our next full moon celebration will be on Mon., Oct. 10. Look out for a signup sheet.

Thank you for all the families that have signed up for the classroom Wishlist and our Fall Equinox celebration. Every Friday morning, we gather as an elementary school and one classroom hosts the assembly. The next assembly we will host is Friday, Oct. 28. Parents are welcome to join us at 8:30.

Lastly, I am very excited to let you know that we are starting a new project in October. An alumnus and his mother will volunteer their time to teach our class how to crochet. If you have any crochet needles or larger or yarn, we would appreciate the donations!

### IMPORTANT CLASSROOM DATES AND REMINDERS
