

February Room 1

Dear families,

February has arrived! I am hoping spring arrives early this year, fingers crossed! :)

This month for Geography, we will be focusing on oceans around the world. We will be locating and naming them. We will also be discussing land and water forms, and exploring things that sink or float! For science, we will be studying parts of a fish, and what makes a fish a fish.

On Tuesday, February 14th, we will be having a pajama party to celebrate Valentine's Day. We will also be passing out Valentines to our friends. *I will have an example of what type of Valentine's box your child can bring, nothing more than the size of a small shoe box, or they can bring a gift bag to collect their Valentine's in! **Please have your child ONLY sign their name to 20 Valentines to pass out to their friends. (From:____) Or they can be addressed "To a friend".

On Thursday, February 16th, we will be celebrating our 100th Day of School! I will be providing your child with fun gift bags to take home and color on Monday, February 13th. Your child is welcome to collect 100 small items and put them into the gift bags to bring on the 100th day of School. In class, students will have an opportunity to share the 100 items they have brought! Examples of things your child could bring are: pennies, small puzzle pieces, paper clips, marbles, rubber bands, beads, stickers etc.

FRIENDLY REMINDER: It is very important that your child is at school no later than 9:05, morning group consists of lessons and discussions about the day/ week. When students come into class late, it is a distraction for not only the other students, but for me as well when I'm giving a group lesson. When students walk in late, it takes away from the lessons that I am giving, and I lose the focus of the group! Please try your best to get your students to school on time!
