

March 2023

Hello Families,

With Spring fast approaching, we will start studying the seasons, their weather and the months that make up each season. We will also graph the different types of weather that can occur this time of year in Idaho.

This month we will be traveling to the continent of South America. We will learn about the countries and their flags. As well as, explore the biomes and their unique animals.

Our geography lessons this month will focus on the land forms peninsula and gulf. We will work with the clay and puzzle forms and search for these landforms on maps.

In our animal classification studies we will focus on the bird family. We will read books and look at pictures of the many different types of birds.

The Diane Alber book this month will be *A Little Spot of Anger*.

Lastly, our shoe mats are getting full. Please ensure that your child has only 1 pair of outside shoes/boots and 1 pair of inside shoes.

Birthdays

Aurora's 6th Birthday on the 5th

All School Bulletin

Thursday, March 2nd

Montessori Education Night @
7pm

Friday, March 17th
