Newsletter**

Dear Families,

Welcome back! I hope everyone had a great spring break. We are in the home stretch of a great school year. This month we are beginning our study of Antarctica and Europe. We will study maps, animals, people, etc. We will continue our study of weather with a focus on the water cycle. This will include lots of fun experiments. In addition, we will take a look at plants. The children will gain an understanding of the needs and parts of plants. In honor of earth day, we will do an all school clean up and do some planting. We are having parent teacher conferences at the end of this month. We will have in person conferences starting Wednesday afternoon, April 19th. Sign ups will be available soon. I look forward to meeting with all of you.

Cheers,

Ms. Laura

Important Classroom Reminders

Sign ups for parent teacher conferences will be available soon. Be on the look out for that. Please take a moment to sign up for a 30 minute slot. Childcare will be available during your time slot only.
