

## **April 2023 Room 9 Newsletter**

Dear Families,

We hope you all enjoyed your beautiful, relaxing spring break with your kiddos. As the weather begins to warm, we will be spending more time outside, working and learning.

In the classroom, we are preparing for parent/teacher conferences. This time, all students will lead their conference and share their hard work with you. 6th years are working nearing completion of their island projects, 5th years have been learning about ancient civilizations and 4th years have just learned about Mesopotamia and are ready to jump into Ancient Egypt.

Please stay tuned for an email about our elementary Earth Day clean-up later this month. We will be prepping our garden, tidying up equipment and working to make our outside environment look beautiful.

### **All School Bulletin**

4/11 - Shakespeare Performance  
9:15am
