

**Room 1**  
**May 2023**

Families,

Here we are in the last month of school. Time seems to go by so fast, it feels like we just started school and before you know it, we are in the last month. We have had a fabulous year with making new friends, learning so many new things, discovered our feelings and how to name them as well. We have all grown in so many ways. I am very grateful for all my students this year! I hope you all have a wonderful summer and I'll see most of you back in the fall! To the students who aren't returning, I am thankful that you were a part of this school year, and best of luck on your new journey, we will miss you!

Our focus this month in science will be flowers, the parts of them and the different types. In geography we will be studying the solar system/outer space. We will be learning about the planets and going in depth on each of the planets in our solar system!

**Happy Birthday To:**

- **Crew** 5/9
- **Nyan** 5/18
- **Eleanor** 5/19

## All School Bulletin

**Monday, May 29th**

Memorial day-No School

**Wednesday, May 31st**

Last day of school- 12:30pm dismissal
