

## September 2023 Room 9

Hello returning and new room 9 families!

Welcome to the 2023-2024 school year! I'm excited to jump back in and get the school year rolling as I'm sure many of your students are as well.

We will start our year off by reviewing major math, geometry, and grammar concepts that we left off with at the end of last year to refresh our brains before jumping into new curriculum, work to establish routines, and discuss the 5 great lessons.

Our back to school event will occur Thursday, August 31<sup>st</sup> 2:30-3:00 during inservice week where we will discuss what you can expect from the school year, what your child's day will look like, and the ways in which you can best support them. Those of you who are unable to attend can get a break down with bullet points from me the first week of school and I am happy to schedule a time to meet for further questions.

Please feel free to contact me with any questions or concerns via email at [\*\*maddier@montessoriacademyidaho.com\*\*](mailto:maddier@montessoriacademyidaho.com)
