All School Bulletin

Hello Families!

The first month of school flew by but it's been a great start to the year so far! As we approach this next month, we will continue reviewing our daily routines and practicing independence in the classroom.

As we wrap up our Solar System studies, we will be focusing next on the planet Earth. This will include introducing our 7 continents, as well as learning about the different types of Biomes we have, and which plants and animals inhabit each one.

Towards the end of this month, we will hold our Parent Teacher Conferences. I will have a sign-up sheet as we get closer, so please keep an eye on the Parent Board in the next few weeks to make sure you can find a time that works for you.

Lastly, we will be having a Halloween costume parade on Halloween Day. We will be walking around the school in our costumes, so please make sure to send your child in a school appropriate costume (no masks, no weapons, no face paint). Please also make sure to send them in a costume that will be easy to access the bathroom and move around in.
