

December Room 5

Dear Families,

The Holiday Season is upon us. I hope you find quiet time to spend with your family, maybe listen to holiday music sipping hot cocoa by the fireplace or some other way to have meaningful quality time with your loved ones during this busy time of year.

In school, everyone is working hard. We are learning about living things; when and where life began and the formation of the earth. We will also discuss peacefulness; what is it, why practice it and how to practice it.

Lastly, we need tablecloths or picnic blankets for lunch and snack time. We are also looking for a full length mirror to create an affirmation space in the classroom. I am hoping someone has some extra tablecloths or full length mirror in their home that they are not using and willing to part with it.

Now, we will end with a peace quote: "Peace begins with a smile." Mother Theresa
